Admiral Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Admiral Turner:

As you may know, "Federal-Aid Highway Act of 1976" established the National Transportation Policy Study Commission. The Commission is mandated to project the Nation's transportation needs through the year 2000, and to recommend policies needed to meet those needs.

The legislation establishing the National Transportation Policy Study Commission has mandated me to request the appointment of a liaison officer from each executive agency, active in the transportation field.

I look forward to working with you and your designee on the transportation matters affecting the Central Intelligence Agency.

With kind regard,

Sincerely,

Bud Shuster
Chairman
